NATIONAL QUALIFICATIONS with Empowerdance have landed at our Studio!

Our students have the opportunity to gain a Nationally Recognised Certificate with us.

Each week, you will attend your usual dance schedule with us and join an online theory class with the Empowerdance Master Trainers to work toward a National Qualification, your studio, and Empowerdance Pty Ltd (RTO 40397).

Students who enrol in an assistant teaching or dance teaching course will work alongside our teachers for practical and teaching units, this means real studio experience.

During the course students collaborate in group assessments, enjoy flexible learning, and spend time connecting with other students from across the country.
